

ELAINE'S *Restaurant*

A white cloud drifts wherever the wind leads –
it doesn't resist, it doesn't fight.

A white cloud is not a conqueror, and still it
hovers over everything. You cannot conquer it,
you cannot defeat it. It has no mind to conquer –
that's why you cannot defeat it.

Once you are fixed on a goal, purpose, destiny,
meaning, once you have got that madness of
reaching somewhere, then problems will arise.

And you will be defeated, that is certain.

Your defeat is in the very nature of
existence itself:

A white cloud has nowhere to go. It moves,
it moves everywhere. All dimensions belong to it,
all directions belong to it. Nothing is rejected.
Everything is, exists, in a total acceptance.

Hence I call my way „The Way of the White Clouds.“
